I'm a notebook!

I was born a notebook.

In [1]:
```python
1 print("this means I can run code and stuff")
```

this means I can run code and stuff

In [2]:
```python
1 ans = 42
2 print(f"The answer is... {ans}!!!")
```

The answer is... 42!!!

In [5]:
```python
1 mystr = f"The answer is {ans}"
2 print(mystr)
```

The answer is 42

But...

I identfy as a pdf...

In [ ]:
```python
1
```
